

SPORTident Card10

May 2015

SI-Card10 belongs to the third generation of SI-Cards. SI-Cards10 register the data record in 60 ms. This is twice as fast as SI-Card8/9. All full set of card owners personal data can be stored in the chip.

The high punching speed and the large memory size, able to store up to 128 intermediate times, make the SI-Card10 the perfect choice for the ambitious runner.

SI-Card10 comes in sundry-coloured tips and a transparent body.
