Prices do not include VAT. Prices are for a hiring period of a maximum of six days unless specified otherwise. Pricing for longer hiring periods are available upon request. Shipping costs are not included. Prices are subject to change without prior notice.

- (1) Requires the article “Data transmission” for data transmission.
- (2) Includes data transmission, management interface and API usage for up to 100 software clients, charged per athlete per day (1 athlete-day = unique SPORTident card id per day). Pricing is independent of the number of modems used. Usage and costs can be monitored in the management interface.
- (3) Online results are listed at <https://timing.sportident.com> and include result lists by course, category, detailed results, search, comparison of results, athlete certificates and related functionality. Customisation of the results presentation is available upon request.
- (4) Online entries are available at <https://timing.sportident.com>. Please contact us for details and for customisations.

## Terms and Conditions

1. Inquiries to hire equipment from SPORTident should be made as early as possible, but with a minimum of four weeks before the intended use.
2. Hiring period
  - a. The hiring period starts when the customer receives the equipment and ends when the customer hands the equipment over to the shipping company for shipment back to SPORTident.
  - b. The hiring period is agreed-upon with the customer and stated on the Acknowledgement of Order or the Delivery Note.
  - c. The standard hiring period of six days is intended for a two-day sport event with two days of preparation and two days for wrap-up.
3. Liability
  - a. The customer is liable for all losses and damages to the equipment during the hiring period. Damaged equipment will be invoiced according to the current SPORTident sales price list.
  - b. SPORTident’s liability is limited to the value of the order as it is written on the Acknowledgement of Order or the Delivery Note.
4. Shipment
  - a. Shipment of the equipment from SPORTident to the customer is the responsibility of SPORTident.
  - b. Shipment costs from SPORTident to the customer are in addition to the equipment hiring prices and will be invoiced to the customer. SPORTident uses express delivery, without exception.
  - c. SPORTident will ship the equipment to arrive at its destination at the beginning of the hiring period, given regular delivery times. SPORTident is not liable for late deliveries in the case of irregularities or delays during delivery.
  - d. Shipment of the equipment from the customer back to SPORTident is the responsibility of the customer.

- e. Shipment costs from the customer to SPORTident are covered by the customer.
- f. A shipping service providing parcel tracking and guaranteed maximum delivery time must be used for shipment from the customer to SPORTident. Express delivery has to be used, without exception. For equipment with a total value of more than 5,000 € (according to the current SPORTident sales price list) only UPS, TNT, FEDEX or DPD should be used.
- g. The customer has to provide SPORTident with the parcel tracking code and the expected arrival date of the equipment directly after shipping the equipment.
- h. The equipment must be sent back to SPORTident before the end of the hiring period.
- i. If the equipment is shipped after the end of the hiring period, SPORTident will charge 30% of the total value of the order as it is written on the Acknowledgement of Order or the Delivery Note for each day exceeding the end of the hiring period.

#### 5. SPORTident Cards

- a. SPORTident cards are hired without elastic bands for hygienic reasons. Elastic bands have to be bought separately by the customer.
- b. All hired SPORTident cards must be returned cleaned – as they were delivered – otherwise SPORTident will charge 1 € per unit for cleaning.
- c. When hiring SPORTident cards for a sport event, the usage of personal athlete-owned SPORTident cards must be allowed. A hiring fee for the SPORTident card must be listed separately from the entry fee and other fees for athletes.

#### 6. SPORTident Stations and Modems

- a. SPORTident delivers SPORTident stations to the customer prepared and configured for their intended use, according to the requirements specified by the customer.
- b. Rechargeable stations are delivered uncharged and need to be charged by the customer prior to usage. Equipment to charge the stations is included in the delivery.
- c. All hired SPORTident stations must be returned cleaned – as they were delivered – otherwise SPORTident will charge 3 € per unit for cleaning.
